Jan Kornmann, KorManagement Services

REASONABLE SUSPICION/SIGNS & SYMPTOMS TRAINING – This session will provide DOT and Non-DOT required supervisor drug and alcohol training. This training will qualify supervisors to make reasonable suspicion determinations and will meet all DOT Supervisor-Training Requirements. Montana State Law requires this training annually. This seminar is suggested for all DOT and Non-DOT Employers and Supervisors who have a drug and alcohol program in place. You will receive your required certificate after completing this session.

DER (DESIGNATED EMPLOYER REPRESENTATIVE) TRAINING - THIS CLASS IS A MUST FOR ANY PERSON HANDLING YOUR COMPANY'S DRUG & ALCOHOL PROGRAM! As a DER, there are many perplexing situations you handle for your company. This course covers diligence, new hiring procedures, adulteration/substitution and the positive drug user. We will also cover Post Accident Testing, Return to Duty, and Follow-Up Testing using a qualified DOT Certified SAP. There will also be some discussion on the interaction between the MRO (Medical Review Officer) and DER.
